---

Uncheck the Box when this appears

Stay signed in to all your apps

Windows will remember your account and automatically sign you in to your apps and websites on this device. This will reduce the number of times you are asked to login.

← UNCHECK

Allow my organization to manage my device

ⓘ Selecting this option means your administrator can install apps, control settings, and reset your device remotely. Your organization may require you to enable this option to access data and apps on this device.

No, sign in to this app only   OK

Windows 11 Screen

Automatically sign in to all desktop apps and websites on this device?

Selecting **Yes, all apps** will:

- Allow us to use your work or school account to sign you in to other desktop apps and websites you use on this device.
- Register this device with your organization, allowing your organization to view device information like the device's name.
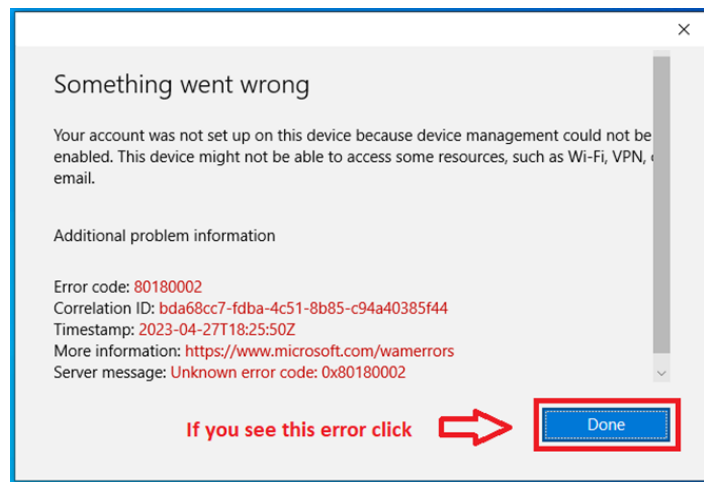

☑ **Allow my organization to manage my device**

UNCHECK BOX

[Yes, all apps]   [No, this app only]

remotely like controlling settings, installing apps, and resetting this device.

If you Forget to Uncheck the Box – this Error will appear.
