

Citrix 2507.01 Installation instructions for Windows 11

For Personal Computers – Non-MNHC Issued

STEP 1: Download Citrix – Citrix Workspace app LTSR 2507.1 for Windows

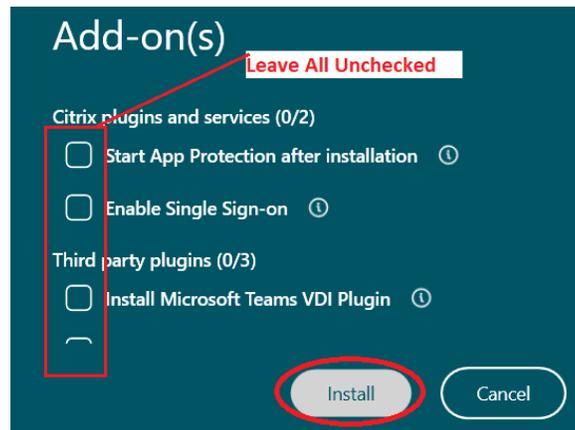

Download the file from the link - [Citrix Workspace app LTSR 2507.1](#)

STEP 2: Install Citrix: Run the Citrix program you just downloaded.

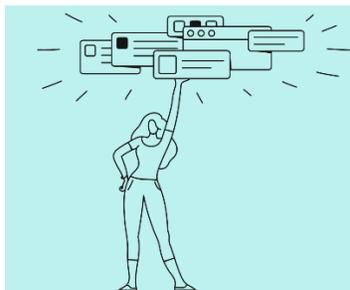

Wait up to 1-2 minutes to see the first prompt.

Leave all boxes unchecked, select **Install** and **Agree**, and follow the prompts.

You should be able to install the new Citrix without uninstalling the old version.

Step 3: Click Continue at the Welcome to Citrix Screen

Welcome to Citrix Workspace

Nothing is Entered Here - Just Click Continue
