Reminder: Please Complete Your Annual Training

Hi M

Our records indicate that you have not yet completed all of your required training courses.
IMNH - Mission Neighborhood Health Center understands just how important comprehensive training is to stay secure and we need **your help** to fight off the bad guys.
The course(s) you have remaining to complete and receive our minimum acceptable score are listed below:

- 2025 Cybersecurity Training

It is important that you complete any remaining training courses as soon as possible, as we must ensure that all of IMNH - Mission Neighborhood Health Center's employees receive training annually to stay up to date on important topics, potential threats, and to meet compliance requirements.
Please note that you are required to complete all enrolled courses.

01. Log into the portal,   https://portal.breachsecurenow.com/#/login
02. Navigate to the **"Training"** tab within **"My Dashboard"**
03. Find the training course(s) that you have not yet completed with the minimum required grade.
04. Click the **"Watch"** button to watch the Training course. Please note that you can pause the training and resume where you left off at any time.
05. Click **"Final Quiz"** to complete the quiz to test your knowledge of what you have learned.

Action Required: Cybersecurity Training

Hello Team,

This email is legitimate. Please do not disregard it. I understand that Training is not a favorite task; however, it is best to complete this on a Friday or during a slower period when possible.

Cybersecurity threats most commonly originate from suspicious emails and links. This Training is a critical requirement to help protect MNHC systems, data, and operations. While brief, it serves as an essential safeguard.

MNHC has experienced a cybersecurity incident in the past. Completing this Training helps reduce future risks and is required for all users.

Please complete the required Cybersecurity Awareness Training as soon as possible if you have not already done so.

Thank you for your prompt attention and cooperation.

Best regards,

Greg Tremo

IT Field Service Engineer / Information Technology

Action: I cannot log into Training

Logging in to the training module usually requires your full MNHC email address.

If you are experiencing issues accessing the Security Training Portal, please try signing in using both your full email address and your short email address (first name + first initial of last name) @mnhc.org.

Example:

User: Greg Tremo

Email address to enter for Training: gregtremo@mnhc.org

If it fails, try the short version: gregt@mnhc.org
